This is a fairly big item of work No. II has to concentrate on the survey of the irrigable areas. The last Bank canal system Kistna and some irrigable area i.e. Vaitalin ex. I think the Malgazari villages will also be coming up and there is bound to be some substantial work in Chicacole Taluq in connection with the re. settlement which is due shortly. The old Survey there is very bad. Thus the work of No. II will spread northwards. No. I Party will be taking up work connected with redrawing the no. of maintainable Tanks and clearing areas in the Chicacole area. After Chingleput and Coimbatore, Bellary and Cuddapah will have to be taken up. It may also take some time before this work in Chingleput and Coimbatore is finished off. The procedure adopted is quite clear and I will examine it in detail

with regard to all the mistakes
the Preliminary work in the
Kanigiri Estate (villages on the

the Demarcation has to be complete
before the English Lands can
be taken up & the Ryots
